Climate Change

What you can do at home to reduce Green House Gas Emissions

It is important to control the emission of greenhouse gases (carbon dioxide from the burning of oil, natural gas and coal, methane and other gases) because they trap heat in the atmosphere which causes significant changes in global temperatures and climate patterns. Some observed changes include shrinking of glaciers, sea level rise, thawing of permafrost, later freezing and earlier break-up of ice on rivers and lakes, lengthening of growing seasons, shifts in plant and animal ranges and earlier flowering of trees.

Change 5 lights — Change a light, and you help change the world. Replace the conventional bulbs in your 5 most frequently used light fixtures with bulbs that have the ENERGY STAR and you will help the environment while saving money on energy bills. If every household in the U.S. took this one simple action we would prevent greenhouse gases equivalent to the emissions from nearly 10 million cars.

Share the Gift of Service through PetPals

PetPals is a successful pet visitation program that coordinates visits by dogs and cats and their owners to elderly residents of long-term care facilities in Boston. The program is run by MATCH-UP Interfaith Volunteers in cooperation with the Animal Rescue League (ARL) of Boston.

MATCH-UP recruits, interviews, and carefully screens volunteers and their pets before they can participate in PetPals. Stop by the Social Action Committee table today after service for more information. Or contact MATCH-UP directly at (617)482-1510 or <http://www.matchelder.org/services/petpals.html>.

If your child grows restless during worship, please be welcome to bring her or him to the nursery (located off of the Chapel, through the leather door). The service is piped-in, so you won't miss a word, and your child will be happy.

Talking Our Walk: A Discussion Group for People Affected by Depression

Wednesday, November 18th, 5:30 – 6:30 PM, Perkins Room

A wonderful, supportive atmosphere, facilitated by our own John Sacco, awaits in this open discussion group: not a substitute for therapy or medication, but a different kind of healing. The group meets the third Wednesday of the month. Please speak with John or with Rev. Kim for more information. *You are not alone!*

Come, Ye Thankful People, Come Thanksgiving Sunday at Arlington Street

Sunday, November 22nd, 11:00 AM, Sanctuary

Please join us for our annual Thanksgiving Service on the Sunday before the holiday. This is a wonderful service to invite family and friends to join you!

Rev. Kim will be preaching; the Arlington Street choir, along with Arlington Street's Artists In Residence, the Longwood Symphony, are performing George Frideric Handel's magnificent cantata *Ode to Saint Cecilia's Day!* Saint Cecilia, the patron saint of music, is one of seven women, excluding Mary, commemorated by name in the Canon of the Mass. Her musical fame rests on the legend that she praised God, singing to him, as she lay dying.

Handel's music, composed in 1739, is scored for two trumpets, two oboes, two bassoons, timpani, harpsichord, strings, solo soprano, solo tenor, and choir. The text is written by the English poet John Dryden; the main theme is the Pythagorean theory of harmonia mundi, that music was a central force in the creation of the world. All are welcome!
